

#### Market Letter.

Kansas City, Wednesday, May 11, 1904.—Cattle receipts first three days this week have not been excessive at any market, but prices are a little lower than last week. Good to choice heifers have sagged most of grown cattle, but veal calves have dropped 50 to 75 cents a week ago. Heifers sold up to \$5.05 last Thursday, but buyers this week thought they were to close to steers prices and the best now bring \$4.70 to \$4.80. Medium to good cows are not much lower and are in good demand. No choice beef steers have been included in receipts, \$5.05 being best that could be done in that line this week and that was to-day. Steer prices are 10 or 15 cents lower than last week. The slump in veals is attributed to the fact that great numbers of dairy calves are now pouring into consuming point, dressed, cutting into the demand from packers. More stockers and feeders have been coming lately than heretofore. Country demand is good, and prices are being held up with those of last week. Orders for a great many stockers and feeders are being held here, but instructions are to buy them cheaper than present prices. Dealers still expect killing cattle to be firm up during May, but stock and feeding cattle are expected to sell lower within the next few weeks.

Top hogs have sold at \$4.85 for the past five market days, and fluctuations of bulk of sales has been slight, bulk to-day having a range of from \$4.65 to \$4.80, a shade under yesterday. Receipts are not running as heavy as expected, and packers are certainly anxious for hogs, as clearances are complete each day. Prophecy, however, favors lower prices in the near future. Sheep and lambs have stiffened up since a week ago, and markets now rote steady each day. Texans finally got settled on a \$4.50 to \$4.75 basis, and Best western woolled lambs sold at \$6.65 this week. Most stuff is clipped now, though, and wethers bring up to \$5.24, ewes \$4.80 to \$5.00. Southern supply is sure to be short, and as there is nowhere else to look to for any great numbers, mutton prices are expected to stand good. London prices for dressed product advanced one cent this week.

Otto Grunke and Gus Wellman, two prosperous young farmers of Wellington, Mo., were on the market Saturday with cattle and hogs.

Chas. Cox, of Odessa, Mo., purchased a carload of good stockers Thursday.

J. M. Armentrout, a pioneer farmer of Cordor, Mo., spent Saturday and to-day looking over the market.

Bugh Smith, of Odessa, Mo., was on Tuesday's market with 47 head of well-finished heifers of his own feeding that brought \$4.75.

#### HYOMEI'S SUCCESS IN LEXINGTON

Cured Many Serious Cases of Catarrh. Chas. W. Loomis Will Refund Money if it Fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Lexington as Hyomei. The fact that Chas. W. Loomis, when he first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like Chas. W. Loomis gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommended it far and near. Its success here in Lexington has been remarkable, and Chas. W. Loomis is still selling it on his personal guarantee to refund the money in case it does not give satisfaction.

## A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says:  
"I Feel Like a New Man."

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health."

THE most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman:

House of Representatives, Washington, D. C.  
The Peruna Medicine Co., Columbus, O.: Gentlemen—"I have used one bottle of Peruna for indigestion, and I take pleasure in recommending it to those who

need a good remedy. A tonic it is excellent. In the short time I have used it it has done me a great deal of good."

Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
